SIGNIFICANT ROLES

SENIOR SUSTAINABILITY CONSULTANT

PERSPEKTIV AUSTRALIA / APRIL 2022 - CURRENT

- Deliver sustainability advice and products within allocated budgets and time frames.
- Ensure sustainability advice and products are high quality and fit for purpose.
- Oversee day to day management of sustainability frameworks on behalf of organisations and projects, ensuring suitable collaboration and integration.
- Engage stakeholders and increase their awareness of relevant sustainability issues to empower others.

ENVIRONMENTAL SCIENTIST

HYDRO TASMANIA / JULY 2016 - 2022

- Initiate and lead significant environmental projects including Too Good to Waste and the Gowrie Park Circular Economy Experiment.
- Support the successful delivery of sustainability, environmental advisory, cultural heritage, land management, recreation and public safety outcomes across the organisation.
- Manage the organisation's Environmental Management System (ISO14001 certified) including leading our audit program.

PROPERTY OFFICER (LEASING & STATE LAND)

CITY OF GOLD COAST / JUNE 2015 – MAY 2016

- Responsible for managing the City's significant property portfolio.
- Process the City's leasing of land as lessor/lessee and property management activities in an efficient, effective manner and in accordance with the City's policies, procedures and relevant statutory requirements.
- Liaise directly with community across the City to offer advice and guidance on further development opportunities by securing tenure and funding opportunities.

BUSINESS & SYSTEMS INTEGRATION ANALYST

ACCENTURE / SEPTEMBER 2013 – JUNE 2015

- Provide guidance to a team of 10 members by way of leadership, mentoring and training – both client and Accenture team members.
- Liaise with stakeholders in order to understand the client's structure, policies, and operations.
- Project manage significant deliverables and teams to successfully deliver a \$60 million project to a federal government client.
- Analyse, design and develop improvement opportunities through technology solutions (including customised software).
