— What our Clients Say

AECOM

Grant Viljoen, Aecom Engineering

"Thank you Patrick (Padi) and Jamie for all your efforts, these were very valuable inputs to the bid process and have put our team in a great position moving forward. It has been a wonderful experience working with you both".

TRANSPORT FOR NSW

Sue Robinson, Associate director Sustainability

"I also wanted to call out Patrick's excellent skills as an ISAP trainer. It was a pleasure to participate in his training program – and I have learnt so much from his theoretical and applied training approach which I am applying already in Transport for NSW".

FULTON HOGAN

Cameron Ginn, Environment & Quality Manager

"Thanks for all your help with the Coomera submission, it was a pleasure working with you. You really stepped up to fill a sustainability role on the bid that was probably bigger and more effective than I could of hoped given your remote location and role outside the team."
