MANAGING DIRECTOR Perspektiv Perth, (WA)

Main Responsibilities: Founder and owner of Perspektiv, an employee-owned organisation intent on becoming Australia's premier sustainability consultancy. Providing expertise and advice for an array of large and small scale organisations. Expert in all facets of Sustainability including Leadership & Governance, Ratings & Assurance, Carbon & LifeCycle Impacts, Resilience & Adaptation, Stakeholder Engagement, Human Rights & Empowerment and Environmental Regeneration.

Achievements:

Growing the business to be 20 + employees, with offices in Perth, Sydney and Hobart. Growing turnover to more than 3M per annum, whilst maintaining consistent profits. Building relationships with an array of clients across many and varied industries. Pivotal to several award-winning projects.

2011 - 2017

OPERATIONS SUSTAINABILITY & ENVIRONMENTAL MANAGER John Holland Perth, (WA)

Main Responsibilities: Developing and implementing value adding sustainability strategies for targeted contracts and tenders in Western Australia. Interpreting Environmental Impact Assessment (EIA) and contract information to develop and implement environmental investigation, approval and compliance strategies for all Western Australian contracts and tenders. Co-ordinating the continual improvement of the John Holland Environmental Management System (EMS) for all contracts, tenders, offices and facilities in Western Australia. Management, review, auditing and reporting of Western Australian projects greenhouse gas emissions in accordance with the National Greenhouse and Energy Reporting Act (NGER Act).

Projects: Patrick managed a portfolio of projects exceeding \$4B. A selection of the projects Patrick has held overall environmental and sustainability responsibility for (listed in relevant projects below).

2007 - 2011

SUSTAINABILITY & ENVIRONMENTAL MANAGER Balfour Beatty Mott MacDonald Joint Venture Bristol, (United Kingdom)

Main Responsibilities: Developing and implementing value adding sustainability strategies for the Balfour Beatty Mott MacDonald Joint Venture organisation. Management of a large multi-disciplinary team of fifteen, undertaking Environmental Impact Assessments (EIA) for projects, organising approvals, and deploying environmental controls for construction and maintenance works across the motorway network in the South West of England. Management of a maintenance team of five, managing the soft estate across the motorway network in the South West of England. Co-ordinating the continual improvement of the Balfour Beatty Mott MacDonald Environmental Management System (EMS) including project carbon accounting and voluntary carbon reporting.

Project: Area 2 Enhanced Managing Agent Contract (EMAC) for the Highways Agency, an operations and maintenance contract turning over approximately £100M p.a.
